ASSA ABLOY

Design or Modify...

We Will Make It!

ARE YOU LOOKING FOR DOOR HARDWARE THAT IS DIFFERENT, FUNKY, OR SUITES WITH OTHER COMPONENTS IN YOUR FACILITY AND IS NOT SHOWN IN OUR CURRENT OFFERING? THE ASSA ABLOY CUSTOM HARDWARE PROGRAM OFFERS A MYRIAD OF OPTIONS TO TURN YOUR DREAMS INTO BEAUTIFUL REALITY.

Custom Door Hardware Trim

Let Your Creativity Flow

Modify an existing design

Adjustments can be made to any trim design in our current offering. Add an accent mark, engraving, or logo for a personalized touch. We can also accommodate code requirements by adding a return to a straight lever design.

Create a custom design

We love things shiny and new. Whether you imagine something simplistic or edgy, our industrial design staff will work your direction, design, or napkin sketch to create your very own custom hardware piece.

Custom Door Accessories

Complement your custom locking trim or door pull with matching accessories including McKinney hinge tips or Rockwood coat hooks and door stops.

Custom Door Pulls

First Impressions Are Everything

DOOR PULLS ARE THE GATEWAY INTO A BUILDING. WHETHER YOU'RE LOOKING FOR DRAMA OR ELEGANCE, ASSA ABLOY'S ROCKWOOD DOOR PULLS CAN BE HIGHLY CUSTOMIZED, MAKING YOUR IDEAS COME TO LIFE.

MADE WITH TOP-NOTCH QUALITY MATERIALS INCLUDING VARIOUS METALS, LEATHER, AND WOOD, WE USE A SELECTION OF MANUFACTURING PROCESSES TO PRODUCE YOUR CUSTOM DESIGN.

Custom Machining

Computer controlled machining techniques including water jet cutting and milling enable precision fabrication and the efficient production of designs.

Corporate Identity

Incorporate your company logo on a door opening through computer aided etching or engraving. These durable marking techniques are readily available to add that finishing touch.

Custom Casting

Working with a variety of pattern makers, we can produce the exact design you compose. Castings provide a unique surface texture and can be economical when you have more than a few to make.

Custom Bending

A variety of bent shapes are displayed in our standard product line, however, we can bend a radius of your choice on any material you select.

Custom Materials

Our leather craftsmanship expresses our attention to detail as each leather door pull is hand stitched. We apply equal expertise to our door pull fabrication by using the finest bridle or upholstery leather, in any custom color you desire.

Wood adds an element of warmth to your opening. We offer a selection of premium species including Mahogany, Canary and Walnut. Paired with numerous metal finishes, including custom colors, the options are endless.

Custom Finishes

FINISHES ARE LIKE ICING ON A CAKE, THEY CAN BE FUN, ELEGANT, OR BOLD. IN ADDITION TO OUR STANDARD ARCHITECTURAL OFFERING, WE PROVIDE A RANGE OF FINISH TECHNIQUES TO ACHIEVE THE AESTHETIC OF YOUR CHOICE.

Custom finishing is available through several ASSA ABLOY Group brands, contact your local ASSA ABLOY Door Security Solutions Representative for more information.

Physical Vapor Deposition

PVD is an environmentally friendly vacuum coating process in which color is applied to a base metal resulting in beautiful decorative finishes with excellent wear and corrosion resistance.

Electroplating

This traditional architectural finishing process uses electric current to form a thin metal coating over substrates such as brass, bronze, or stainless steel. Inquire about other electroplated finishes not listed in our current offering.

Powder Coating

Add a pop of color to your hardware with custom powder coating. Pick a color out of a crayon box, select a fabric swatch or wall paint, and we'll match it. Powder coating is a durable and cost effective option to spruce up your opening.
